

## Cribbage Tournament -Here's how it works:

I start collecting names/entries on Friday, or as soon as I arrive, and continue thru Saturday and Sunday. On Monday morning I will draw names from a hat and pair up players for their first match (best 2/3). Pairs will be posted by 10am at Sweetwater Trading Co, on Traders Row.

**Once paired up, you will decide, with your opponent, when and where to play the match. It can be any time on Monday - morning, afternoon, evening...just give me the results by bedtime.**

On Tuesday I will again draw names from the winners of Monday's play and match them up with new opponents for another round of play. Same for Wednesday and the play-off for Champion is Thursday.

Last year we included a "losers" match (optional) and that gave everyone a chance to play at least 2 matches if they wished. I will match up the losers of Monday's match and draw name for another set.

*Participating in the cribbage tournament is a great way to meet people, make friends and see more areas of camp.*

You'll be amazed how many of us cribbage players there are.

PPR Cribbage Champions:

2015 - Old Scout

2016 - Randy Martin

There will be several camps participating in "Open Hand Games" to teach.
