

# TRADER GUIDELINES

**Thank you for participating in PPR 2019 and for having the desire to keep the spirit of rendezvous alive. All trade goods must represent articles available in the Colonies before 1840. The displays of any modern items or items not in keeping with the spirit of rendezvous are prohibited. Items that require modern packaging or containers (gun parts, solvents, toothbrushes etc.) must be under canvas or paper cover with identification of item on top.**

**If you are not sure about acceptable trade goods, please ask or bring documentation with you.**

**The Trade Committee will make themselves known to all traders upon set-up and will inspect all items for sale throughout the rendezvous.**

**Trader:** A trader is any person who sets up a trade lodge or sets out a trade blanket with goods for sale or barter. Traders do not have to set up in traders' row, but please check in with the trade chief or committee before setting out trade items.

**Blanket Trader:** A Blanket Trader must display their goods on the ground and not exceed 110" x 110". Plan your space to be out of the way of foot traffic and not encroaching on other camps or traders. Blanket Traders erecting a shade/rain shelter or display must remove it at night or be considered a **FULL TRADER**.

**All trade areas** are to add to the whole rendezvous atmosphere. The items in a trade lodge or on a blanket must be original, handcrafted or authentic reproduction or adaptation of trade goods common to North America and must be displayed in a manner similar to that common during the Fur Trade time period. Trade medallions **MUST** be displayed.

**Items** for sale must be displayed in period appropriate containers.

**Cassettes, CDs and DVDs** are to be displayed in period container **AND** covered at all times with identification of the item on top of canvas or paper. Books, patterns, paintings, etc., pertaining to the period may be sold but must be displayed in an appropriate manner.
